813-927-9090 • PINELOGGER@AOL.COM

DEAR ANGUS FRIENDS,

One of the benefits of being a Registered Angus breeder is having the ability to meet new friends and build relationships along the way with some of the finest people in this country, and we are proud to be considered a part of this group! We're also extremely proud and excited to be able to share with you some of the best frozen genetics we've ever developed, most of which have taken more than 25 years for us to fine tune and acquire.

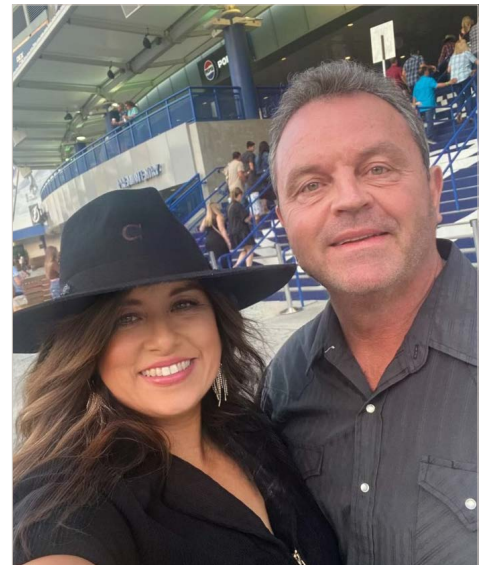

The cutting-edge elite embryo matings we have in this sale are a genetic sampling from some of our finest donors which we have methodically assembled, and we feel they make up a well-balanced B I G Freeze offering.

As you are reading through the EPDs, you will see that we have selected for performance females that excel in maternal and carcass traits. At Big Timber Cattle Company, we recognize the added value of genomic testing our donors.

We are looking forward to this February 2026 online frozen genetics sale and want you to feel more than welcome to call with any and all questions.

In appreciation,

Richie & Kelley Longanecker
